PROFESSIONAL PROFILE

Full Stack Developer with a predominant focus on Front End development, web application design, and animations. I am recognized for my adept communication skills, friendliness, and organizational prowess. Although I can be somewhat demanding at times, I have a strong affinity for clean code adhering to established standards. In essence, I view myself as a structured and meticulous individual who operates with a considerable sense of perfectionism.

EXPERIENCE

Freelancer | October 2023 – Present

Front End Developer

- Development of Landing Pages

Huntek | July 2023 – September 2023

Internship

Front End Developer

- Collaborated in the development of a web application facilitating the connection between employers and workers, working alongside a team of 7 individuals – 3 on the front end and the remaining 4 on the back end.
- Translated design specifications from Figma into functional code.
- Implemented key features, notably enhancing the main card-scrolling component.
- Organized, refined, and debugged code for optimal performance.
